Let her be her. And let her be heard. For Pastor Brady Boyd, these are the two main wishes for his young daughter and the world she'll encounter as a woman. In Let Her Lead, Boyd calls on the church and the wider world to let women be who they are and speak their voice with confidence and conviction. The question of women in leadership remains touchy for many people, especially church people. In this brief and engaging book, Boyd defuses the tension by offering a fresh, practical, and biblical perspective and revealing the leadership roles women play at New Life Church in Colorado Springs. Through it all, Boyd imagines a bright future that could be awaiting his daughter and what she may be invited to do. And he shows all of us— men and women alike—the roles we can play to create that better reality.
